

ShineBook Cookie

Features

- ◆ Conformable for long time reading
- ◆ 6" E-ink 800X600 pixels, 8 level grey scale, no flicking ePaper screen
- ◆ Friendly UI design
- ◆ Touch Panel version supports hand writing input
- ◆ Variety media format support
- ◆ eBooks: pdf, epub, mobi, prc, txt, html, fb2, and rtf
- ◆ Image: JPEG Audio: MP3
- ◆ Game: Sudoku and more
- ◆ Expandable memory and connections to expand the joys of reading
- ◆ Embedded 1GB NAND Flash , Expandable: up to 4GB MicroSD
- ◆ Embedded Bluetooth/WiFi USB host support 3G/Wireless connection to internet or input devices
- ◆ Amazing Battery Life
- ◆ Builtin rechargeable Lipolymer Battery 3.7~4.2V 2050mA
- ◆ Supporting 16000 turning pages in single charge (when battery is full)
- ◆ Less than 2 hours for fast charge (80% full)
- ◆ Less than 4 hours for normal charge (95% full)
- ◆ Dimension: 132 x 190 x 120mm
- ◆ Weight: 280g

HW spec		
CPU		400MHz
Display	Technology	6" EInk
	Color	8 Gray Level
	Resolution	800x600 pixels
	DPI	170
	Screen Rotate	Gsensor to rotate the screen automatically
Memory	System memory	64MB SDRAM
	NAND Flash	1GB
	Expandable	Up to 4GB MircoSD Memory
I/O Interface	USB	X1, Host, support BT/WiFi/3G/3.5G/2.4G dongles for wireless connection.
	miniUSB	x1, Connection to PC
	MicroSD	x1
	Audio	X1, 3.5mm headset plug
	Charger	Power adaptor, input 100 to 240V switching, output 5V 2A
Battery capacity		Lipolymer 3.7V~4.2V ,2050mAh
Dimension & Weight		132*190*120mm, 280g
Touch Input		Yes, Touch Screen Resistive type
Bluetooth	Support	Yes, embedded, BTv2.0 EDR
WiFi	Support	Yes, embedded, 802.11b/g
3G	Support	Yes, external USB Dongle, Huawei E220
Wireless	Support	2.4G Wireless Dongle for Keyboard
Format		eBooks: pdf, epub, mobi, prc, txt, html, fb2, and rtf Image: JPEG Audio: MP3 Game: Sudoku and more
Other Applications		Entertainment Audio: Background music playing setting On/Off Play single/recycle/random Image: Sliding show setting to provide users the option to view image by opening files manually or automatically.

	Games: Provide at least Sudoku
	Emails: SMTP & POP3 protocol, Providing user at least mail write, new/read/download/send/save/reply/ forward functions.
	RSS/News: With Embedded Reader (can be web browser)/feeder to receive RSS/News from predefined server. Demo version need to get the following 4 RSS ready:CNN/UDN/Mirror/The Times
	Web Browser : Can be activated by book/email/RSS links Be able to read the content for at least the following website Google: books/Web Dictionary/Feedbooks website/Online bookstore Google mails/web dictionary/Banner
